JAMES H. HYDE TAKES THE LAKE-WOOD COACH FOR FIRST TRIP.

The Most Important Venture in Four-in-Hand Work Yet Attempted Here -Fifty Horses for the Seventy-nine Mile Run-Incidents of the Journey.

Undoubtedly the sportiest venture in road coaching yet attempted in this coun-try—unique from the distance covered and that but one whip has put on the coach and is to do the driving-was shown to be both practicable and a very pleasant trip yesterday on a trial run. The venture is Mr. James H. Hyde's Liberty coach, to run between this city and Lakewood, on alternate days, beginning on next Tuesday and keeping on the road until the middle of May. Mr. Hyde followed the regular route and used the Liberty horses yesterday, but he had a borrowed coach, as the brown and maroon trap is still in the paint shop being lettered in due style. Morris E. Howlett, the professional whip who selected the teams, was also along, as was "Jack" Allen, who is to be the guard on the regular runs. In brief, it was a full-dress rehearsal of the initial run scheduled for Tuesday. A coach load of invited guests made up the passengers.

The run by the route chosen is of seventynine miles, with a running time of nine hours and twenty minutes, of which an hour will be devoted to luncheon at New Brunswick, and ten-minute stops at Linden and Freehold for "snaps" in the way of tea or bouillon. The schedule time will be 8:50 A. M. from the Holland House, and the arrival at the Laurel-in-the-Pines, Lakewood, will be at 6:10. Ten teams are used on each run, and, as there is an extra horse with which to change each team, this means an outfit of fifty high steppers. this means an outfit of fifty high steppers. The coach is to be a public one, at \$12 a fare, or \$100 for the coach, but it is a proposition run for fun and not for a profit. On the trial run the coach ran very close to schedule time, leaving the Holland House at \$50 o'clock in the morning and reaching Lakewood at \$20 o'clock. There was a short wait for the \$10 boat, which brought the road party to Jersey City by \$23. Some short turns, taken with care, and the coach was soon on the Newark road, the team swinging along at a spank-

and the coach was soon on the Newark road, the team swinging along at a spanking pace over the bridges and to the first change, in Ferry street.

There was no rumble from the wheels on the asphalt of Lafayette avenue, and a little tot in blue, who stood in the middle of the avenue suddenly began to back into the path of the horses. In the crowd around it seemed that the little tot was the only being that was not looking at the coach. The babe had nearly backed into the near leader when Howlett swung the pair to the far gutter, and, as the child stood in amazement, he brought horses and coach past without hitting the infant, which sank in a heap on the road just as the mother rushed to the rescue. There was a cheer from the crowd as the coach dashed by

Out of Newark by way of Frelinghuysen Out of Newark by way of Frelinghuysen avenue and North Broad street, the coach was soon rattling over the stones of Elizabeth, and thence by Rahway avenue to the change at Linden. Thereafter it was ideal country through Metuchen and Iselin, where there was another change, and over the Raritan bridge into New Brunswick, the trip being by the Colonia road, passing the golf links, and St. George's road.

At the Mansion House, New Brunswick, there was a hearty luncheon in a room decked out with coaching prints and tapeatry sent on by Mr. Hyde.

He had the reins on the start, a delightful stage through the suburbs of the old colonial town and past the track of the Middlesex Driving Club into Old Bridge. Here a brown and bay team was hooked up and Howlett sent it along at a fast clip into Matawan and changing at Mount Pleasant. This was south Jersey, the beginning of the peach orchards and the pines. There was enother change at Marlboro and after a stop at Freehold for tea, the next change was at the crossroads hamlet of Turkey Blue. Then the chestnuts and dun were forced along to Farmingdale, the last change being made just beyond, at the village of Squankum, where Mr. Hyde took command for the fastest bit of the journey, thirty-five minutes for just under seven miles.

	The state of the s

There was nothing of the rough and ready order about the teams. As a lot they had the quality of park teams, but with no lack of the workmanlike traits of speed and substance. The cross-matched team out of Newark, the bay on the lead having a trotting mark of 2:17, was very showy and so were the two bay teams. The team into Lakewood carried the coach the last six and a half miles in 35 minutes, all galloping but the near leader who never broke from a square trot. The greater part of the driving was done by Mr. Hyde, but Howiett alternated on several stages. The run from Mount Pleasant was a galloping stage practically, but throughout there was not a hitch or a let-up from the time standpoint. The following shows the make-up of each team and the whip for each stage.

Hedstrom in Steam Auto Covers Pive Mile

DAYTONA. Fla., March 27 .- The automobile races to-day were held on the Daytona end of the beach. The time was not so fast as was made yesterday. This is accounted for by the fact that there was a side wind. The first event was a one-mile motor-cycle exhibition race by Oscar Hedstrom of Springfield, Mass. against the American record of 1 minute and 6 seconds made by himself on this beach yesterday. The time to-day was 1 minute 8 seconds. W. F. Thomas of Detroit went against the American record of 1 minute 6 1-5 seconds for gasolene machines under 1.000 pounds made yesterday. The time

was 1 minute 81/2 seconds. The third event was the one-mile championship for the Ormond Challenge cup, to be won twice to complete ownership. When be won twice to complete ownership. Alexander Winton entered his fiver Builet, all other entries were withdrawn. sequently Winton was the only one to start His time was 58 seconds. For the one-mile motor-cycle championship of Florida, there W. Austin, C. W. Birchwood and Oscar Hedstrom, at scratch. Hedstrom carried off the cup in 1 minute 11 seconds. Austin was second. Austin and Merrill competed for the local championship, and Austin won in 1 minute 35 seconds. J. F. Hathaway of West Somerville, Mass., tried to break the record for steam carriages on Daytona-Ormond brach. He finished in 1 minute 35 seconds against 1 minute 28 2-5 seconds made yesterday. A five-mile handicap followed between W. F. Thomas, Alexander Winton and Oscar Hedstrom. Hedstrom broke the world's record by covering the distance in 5 minutes 30 seconds. Winton's clutch was out of order, lengthening his time to 5 minutes 50 seconds. Hedstrom, at scratch. Hedstrom carried

utes 50 seconds.

The closing event of the day attracted more attention than any of the other smaller races. It was a one-mile record race for auto yachts. This was won by E. J. Mills, time 5 minutes 50 1-5 seconds. The auto yacht is a three-wheeled machine propelled by sails. Winton hopes to make a mile to-moreow in 45 seconds. salls. Winton hopes to make a mile to-morrow in 45 seconds.

It was decided at the meeting of the executive committee last night that an annual meet will be held on the Daytona-Ormond brach hereafter. Last night a banquet was given at Hotel Despland, Daytona, by W. H. Peters to competitors and officials.

FOOTBALL.

Important Meeting of Bules Committee to Be Held in Atlantic City To-night.

One of the most important meetings the s to take place in Atlantic City to-night. A meeting was to have been held in New York last Saturday night, but one of the com-mitteemen could not get here, so the call has been issued for to-night. To-night's meeting is of unusual importance, because the com-mittee has to deal with the question of making pronounced changes in the method of playing a great clamor for less mass play and more open play and changes in the rules which will bring these things about.

There have been arguments pro and con-regarding open play and injuries, and the opinion among experts is by no means unaniopinion among experts is by no means unanimous that more open play will mean fewer accidents. The experts who compose the rules committee have to deal with the question of changes—if changes are to be made—and yet preserve the attractiveness of the game. It has been contended that an opener game will make the play clearer to the public, and, on the other hand, it is argued that mass attacks are necessary to cope with the defence. Scoring in football is most exciting of all, and to legislate so as to preserve a happy medium in attack and defence makes the committee's task no easy one.

The committee is composed of R. D. Wrenn, Harvard; Walter Camp, Yale; Prof. H. B. Fine, Princeton; John C. Bell, Pennsylvania; Prof. S. M. Dennis, Cornell, and Paul Dashiel, Annaodis. It is believed that all of them have decided on what moves they think advisable; but how these ideas will fit in with one another and how stiff opposition will be met with remains to be seen. It is known that at present the opinions are not all similar. A harmonious conclusion may be reached to-night, or, on the other hand, several meetings may be necessary to reconcile the varying views for a final decision.

Golf.

ST. AUGUSTINE. Fla., March 27. There was speedy golf on the links of the St. Augustine Club all through the day. The competitors for the Winter Championship and Runner-up Cups were early on the course and play was continuous until nearly dark.

It was hard going for Clayton Dixon and McElwee, they playing fifty-four holes, beating their competitors from the preliminary round through to the finals of thirty-six

holes, which will be played to-morrow. Several of the men had thirty-six holes to play. In the draw this morning there were sixteen men and no time was lost in getting off. The scores:

First Round—Clayton Dixon beat York, 6 up 5 to play; Waterman beat Stout, 5 up, 4 to play; H. P. Dixon beat Hopkins, 7 up, 6 to play; Mullikin beat Jones, 4 up, 2 to play; Mason beat Pegran, 1 up; Suydam beat Carpenter, 1 up, Brown beat Thorne, 2 up, 1 to play; McElwee beat Cluett, 4 up, 2 to play.

Thorne, 2 up, 1 to play:
2 to play:
Second Round—Dixon beat Waterman, 5 up,
4 to play: Mullikin beat H. P. Dixon, 1 up (19 holes):
Mason beat Suydam, 5 up, 4 to play: McElwee beat
Brown, 4 up, 2 to play:
Semi-dnais—Dixon beat Mullikin, 4 up, 3 to play:
McElwee beat Mason, 3 up, 2 to play.

McElwee beat Mason, 3 up. 2 to play.

COLUMBIA, S. C. March 27.—In the semi-finals for the Southern Cross Cup play at the Palmetto Golf links yesterday Marion Wright defeated F. O. Horstman, by 4 up and 3 to play; Harold Sands defeated E. W. Jewett, by 4 up and 3 to play; Por the Consolation cup. T. C. Tappin defeated W. Bates, by 2 up and 1 to play, and S. W. Bates defeated D. H. Parker, by 5 up and 3 to play. The finals in both events will be played to-morrow. Play for the Palmetto Handicap cup was very spirited at the Palmetto links to-day. The weather was a triffe warm, however, and that may have prevented some of the crack players doing their best, as not one of the scratch men handed in cards. The cards handed in were: Godfrey Wheeler, 78; Ed. I. Smith, 80; C. E. Barnard, 83; W. B. Duncan, Jr., 83; S. W. Bates, 86; T. C. Tappin, 87; Robert Bacon, 90; George T. Smith, 90; F. W. Jewett, 91. The Duke and Duchess of Manchester saw the games.

New York Swimmers Win at Cleveland.

CLEVELAND, March 27 - The American swimming record was broken at the Sportsmen's Show at the Central Armory last night in the Aquatic sports, when the New York Athletic Club relay team beat the Chicago Naval Reserve relay team by grand work cutting the record for the yards five seconds. The time was 1 minute 25 2-5 seconds. In the candle tace at forty yards, thoughts of the New York Athletic Club broke the record by four seconds, placing the time at the seconds.

In the first water pole contest of the series for the United States championship, the Naval Reserves of Chicago won by the score of 1 to 0. In the water pole same between picked teams from the University School of Cleveland, New York Athletic Club, Chicago Naval Reserves and Philadelphia Athletic Club the score was a tie at \$10.5. BIG KILLING AT BENNINGS.

"Cash" Sloan, Who Rides the Colt, Said to Have Cleaned Up \$18,000 Alone—Daly Lands Another Winner in Colonsay

—Three Favorites Finish in Front.

WASHINGTON, March 27.-The first big killing of the year, as far as the Eastern turf is concerned, occurred in the first race at Bennings to-day when A. P. Doyle's four-yearmade a runaway of it and won at the general quotation of 100 to 1. The colt was secretly prepared and those who were in the know took thousands of dollars out of the ring. In the opening quotations the colt appeared went up to 100 to 1, and in some instances 200 to 1. Doyle and his friends bet \$10, \$15, \$20 and \$25 all over the ring and they got the money down so quietly that no suspicion was aroused. "Cash" Sloan, brother of the famous Tod. had the mount and he alone cleaned up \$15,000, it is said, on the colt's victory. After the race every book in the ring paid out big wagers on the colt. Frank McDougall lost \$6,000 and Sol Lichtenstein was said to have dropped half as much.

True Blue was a hot favorite among the platers who were asked to go five and a half furiongs. But at the post Redfern, who had the mount, was caught in the barrier and pulled oat of the saddle just as Starter Cassidy sent the field away. Tommy Foster was away quickly and Sloan never stopped riding him. He led from start to finish and won in a heavy drive by a length from Eloim, 12 to 1, who beat Shrine a head.

"Father Bill" Daly, as usual, put another winner over the plate in his three-year-old Invermess coit Colonsay, who took the fourth race, for maidens at six furlongs, with the liberal odds of 7 to 1 about him. Pearl Diver was a slight favorite over Cherubin and Geisha Girl, but Odom put it all over the other boys and in a driving finish he landed Daly's coit a winner by a nose, with Cherubim four lengths before the favorite. The third race was run under the same conditions as the fourth. Black Diana, the favorite, was always in front, but was tiring some at the end. She won by a head from Benduro, second choice, who took the place in a terrific drive from Odom by a length over Adele Harding.

Although August Belmont's Oriza was again widely tipped to win the second race, for maiden two-year-old fillies, at four furlongs, and was also played down to 7 to 2, the wise men made R. T. Miller's Adel Trebla, by Albert—Lada, the favorite at 9 to 5 and she landed the money in a romp, spreadeagling her field and finishing six lengths before May Holiaday, 7 to 1. Oriza was third, beaten a head.

Demurrer, odds-on favorite, had no trouble in winning the fifth race, at seven furlongs. Redfern had him out in front from the moment the barrier was sprung and won cleverly with him by three parts of a length over "Father Bill's five-year-old Daly, who was a strong second choice.

In the last race, for platers, at a mile and seventy yards, Lady Potentate, 7 to 2, galloped off with the big end of the purse, being three lengths before Alado, the favorites won.

FIRST DAY OF INTERNATIONAL MATCH FAVORS THEM.

Davidson of Oxford Wins the Only Game Decided From Sawin of Yale-Bateman of Cambridge and Bumpaes, Oxford, Hold Advantageous Positions.

BOSTON, March 27.-The gymnasium of the Boston Athletic Association was early alive to-day with club members, Harvard men and their friends desiring to Witness the chess match between a team of six picked from the chess clubs in connection with Columbia, Harvard, Yale and Princeton universities against a team drawn from the Oxford and Cambridge universities' chess clubs. Play in the contest, which is to last for two days, was begun after the exchange

ing down of the wire in London.

After the announcement of the teams the toss for the move in London resulted in America having the first move on the odd numbered boards, while the Englishmen bered boards. The players were paired as

Rice, Harvard vs. Webb. Cambridge: Bateman, Cambridge vs. Sewall, Columbia: Sawin, Yale vs. Davidson, Oxford: Roome, Oxford vs. Richardson, Princeton: Keeler, Columbia vs. Bumpass, Oxford and Brown, Cambridge vs. Bridgman, Harvard. American umpire at London, H. N. Pillsbury, English umpire at Boston, John F. Cook. Referee Baron Albert de Rothschild, Vienna.

English umpire at Boston, John F. Cook. Referee Baron Albert de Rothschild, Vienna.

The play in the morning session was devoid of any startling feature, the contestants confining themselves to shaping their play after conventional lines. Shortly before adjournment, however, Sawin succeeded in winning a pawn from Davidson, thus giving his side a temporary advantage. The other five games stood about even.

In the course of the afternoon play an exceedingly complicated position arose on the first board, when Rice and Webb with their thirteenth move entered on a series of exchanges. The Harvard man won two pawns at the cost of an attack, which, however proved but shortlived. When hostilities were suspended Rice had still a pawn to the good. The game on the second board stands slightly in favor of Bateman, while on the third board Sawin suffered defeat after twenty moves, having made an unsound sacrifice. The fourth and fifth games are about even and on the sixth board Bumpass has somewhat the advantage. Thus the match looks much in favor of the Britishers, the actual score being 1 to 0 in their favor-Play will be resumed to-morrow morning at 10 o'clock.

LONDON, March 27.—This end of the international chess match was begun at the Criterion restaurant in this city to-day. Hitherto the public was only admitted on payment of an entrance fee. This year, however, it was decided to admit the public free of charge. The American chess champion. Pillabury, who is acting for the American team as umpire during the progress of the match, said that the free admission of the public would do a lot of good toward popularizing the game. The commencement of play was somewhat delayed in consequence of the temporary breakdown of the flovernment land wires to the cable off as

BRITISHERS LEAD AT CHESS. Would You Banish Dangerous Spring Headache?

Try Nature's Cure,

PAINE'S CELERY COMPOUND.

And You Will Quickly Rejoice in New Life

While headaches are varied in character and are produced by a variety of causes, the majority of victims suffer either from nervous or bilious headache. When neglected, either form will quickly cause serious suffering and will assuredly prostrate the system. Nervous headaches, to which women are specially subject, arise from weak and inflamed nerves, heavy and dull brain, poor circulation and debility. Bilious headaches are usually ac-

companied by sickness and vomiting.
They result from inactive liver, digestive
disturbances or sore and constipated
bowels.
In the springtime, able and experienced

physicians urge upon those who are sub-ject to headaches the use of Paine's Celery Compound. In tens of thousands of cases this wonderful remedy has produced happy and permanent results after all other modes of treatment failed. Unlike other medicines claiming popular attention, Paine's Celery Compound gives prompt and ef-fective results. It gives to weak and sick people an immediate supply of nerve force, with pure blood, active liver and perfect digestive vigor. The work of Paine's Celery Compound is not a simple relieving of pain; it effectually reaches the root and causes of disease and permanently banishes the trouble. Mrs. Darley, Franklin, Ill., ava.

"After trying in vain several remedies for headache, I began using Paine's Celery Compound. This great medicine not only cured me, but it built up my system and made me feel like a new woman. It is the only medicine we keep in the house."

Mrs. Benjamin Perry of North Aurelius,

Mich., says:—
"Paine's Celery Compound is the best medicine on earth. Three years ago was taken with inflammation of the bladways taken with the best painting the bladways taken with the best painting to be a second with the best painting to be a sec was taken with inflammation of the bladder and nervous prostration, and was very sick, under the doctor's care, and they all thought I could not live.

"I was so sick I could not help myself, and hardly sat up long enough to have my bed made: but I heard of Paine's Celery Compound and commenced taking it, and I can say today that it has helped me so much that I am doing my own work, something I never expected to do. I do not think I would be alive today if it had not been for the use of Paine's Celery Compound."

BASEBAI

This is the time of the year when the ballplayer, professional, college and amateur, starts to get ready for his season's work, and when one thinks of baseball the name of Spalding must be naturally linked with it, for no one has done more to bring the game to its

present state of perfection than A. G. Spalding & Bros. For over twentyfive years A. G. Spalding & Bros. have kept ahead of the baseball profession in the way of providing improved paraphernalia for the game.

Baseballs.

The Spalding Official League baseball has been used exclusively by the National League, minor leagues, intercollegiate leagues and amateur leagues as their official ball for over a quarter of a

century. It's official on account of its merit, and is recognized as such by all players. A. G. Spalding & Brothers have many other balls for the players at prices from five cents to \$1.25, and the player should insist that no matter what amount of money he pays for the ball it should bear the Spalding trade mark. The Spalding ball at the price is better than any other ball at the same price.

Bats.

The bat that made the hit last season and will make it this season is the A. G. Spalding Autograph Baseball Bat. In quality of material and every other necessary requisite for a first-class article we believe it to be the best

bat ever turned out. The Autograph stamped on each bat is a guarantee that every bat has passed a technical close inspection and is perfect. There is a certain hang and a certain drive to the Spalding Autograph bat that you can't get with other bats. Tape wound, \$1.00; pitch twine wound handle, \$1.00; combined handle, 75c.; plain handle, 75c. Other bats from 5c. to 50c.

Shoes.

There are two lines in competitive sport that the shoe is the all-important article in— i. e., baseball and sprint running. Spald ing's sprint running shoes are known the world over, and the fastest men in the world wear Spalding shoes, and

nearly all the important American records were made in a pair of Spalding's sprinting shoes. Charley Kilpatrick, the world's greatest halfmile runner; B. J. Wefers, the world's greatest 220-yard runner; M. W. Long, the greatest quartermile runner the world ever saw, and ing to tell you about it. Arthur Duffy, the sprinting marvel of the age, holder of the world's Watch the shop windows. record for 100 yards of 9 3-5 seconds, wear Spalding's shoes. Now. our baseball shoes are built on the same lines. The same care is put into our baseball shoes that we put into our sprinting shoes, and the result is that to-day we are offering to the ballplayer the fastest ball shoe ever made, and that's why so many of them are being used. With a pair of Spalding's highest quality baseball shoes on the player's feet it gives confidence to him. He plays better ball, runs faster and makes a better record for himself. Spalding baseball shoes from \$2 to \$8.

For the Youths.

When you can get a Spaiding uniform for \$1.50 don't think of wearing anything cisc.

The favorite for the boys this year will be the Spaiding's inflated body protector at \$2.00,

If you can't call at one of our stores for a catalogue put your name and address on a postal card and we will send you a copy free.

Boys, when purchasing your baseball supplies see that the article you purchase has the Spaiding trade mark. It is the mark that means the best, and you have the laugh on the other fellow that is playing with an interior article.
